

ARCHEOLOGICAL HANDBOOK
OF THE
KANSAS ANTHROPOLOGICAL ASSOCIATION

This handbook is intended for the avocational archeologists of the Kansas Anthropological Association (KAA) to assist in their ethical and legal archeological endeavors throughout the state of Kansas. This handbook has developed over the years, beginning with a guide packet for avocational Kansas archeologists compiled by Dianna Rogers and published in 1976-1977 in five separate issues of the *Kansas Anthropological Association Newsletter*. The guide packet was updated and revised in 1980 and published in a single issue (Volume 1, Numbers 5 through 9) in the *Journal of the Kansas Anthropological Association*. The next update was published in 1987 as Volume 7, Numbers 1 through 9 of the *Journal of the KAA*. This latest edition is prepared for electronic distribution through the KAA web site (www.katp.org) or as a link on the Kansas Historical Society web site (www.kshs.org).
